Message by the
Chief Editor of Proceedings

Prof. Saadia S. Alam
(Chief Editor)
‘There is nothing permanent except Change.’

The 38(2) April to June 2024 Edition of Proceedings marks a changing moment for Proceedings and me at its helm as Chief Editor. Henceforth I shall be responsible in an Oversight role only with Our Editor Prof Ayesha Humayun incharge of all aspects of Proceedings Editions from formulation to production till April 2025, In Shaa Allah.

Pakistan now stands at a new crossroads of health and economic challenges as the changing global scenario brings the spectre of AI, global warming, climate emergencies, disease and war, a mix exemplified by the Israeli genocide of the Palestinian people. Never losing focus during these tenuous times, a revamped, able, and energetic Proceeding Team works with renewed vigor facing the elevated standards and challenges encompassing PMDC, HEC, CPSP, PASTIC Recognitions. Due to these efforts all were achieved including a 3 years of HEC Y Category Indexation between 2020-2023. Our OJS supported Proceedings website established during the COVID lockdown, DOAJ Indexation, DOI Cross Ref registration & presence on Google Scholar being further hallmarks of Proceedings international visibility, connectivity & standards, Alhumdolillah. Furthermore, our path to Medline and Scopus and HEC W Category Indexations stands highlighted and ready for rejuvenated efforts and action.

With a unique focus on career building at Proceedings, no article processing fee is charged, enabling researchers to present scientific research to the world, fulfilling publication requirements of international standards, without added financial stress.

Proceedings of SZMC is rightfully considered a well established and reputed, stable, open access, peer reviewed Medical Journal by researchers of wide ranging medical and allied fields all over Pakistan.

In Sha Allah.
Our Motto “We Venture Forth”
RECOGNISED BY PMDC & DOAJ
